ROBERT R. BRIGGS,
Section Director.

A MINING DEAL—The Wilkinson-Joseph property, consisting of four claims in Cunningham Pass, have been bonded by a Mr. Taylor from Bisbee. Consideration said to be about \$12,000. Work to begin at once.

TEACHERS' EXAMINATION—County Superintendent Higgins announces an examination for teachers next Monday and Tuesday. Before this the examinations for the coming year have been held in September but as many of the schools will open before the date formerly set it has been found advisable to hold the examinations earlier.

TWO BURGLARS HELD TO ANSWER—The two alleged burglars, Charles Moon and Robert Brooks, who are accused of robbing the Valley Clothing store were given a preliminary hearing before Judge C. W. Johnstone yesterday afternoon. After hearing all the evidence offered and a statement from one of the prisoners, Judge Johnstone decided that the men had better be held to answer to the superior court and fixed the bail bonds at \$500 each.

HIGHWAYMEN IN COUNTY JAIL—M. Espinoza and Jose Romero, the two Mexicans captured by Officer Morrell of the city police department in the act of holding up another Mexican named Padillo, have been transferred from the city to the county jail. The two men will be given a hearing before Judge Johnstone within the next week. Romero is also wanted for horse stealing. These men were never admitted to bail and therefore had no chance of jumping their bonds, nor is the city exchequer enriched by the sum of \$25 as stated in an afternoon paper.

NO CORNER CUTTING—The new order of Chief of Police Moore that all persons be required to turn the corners squarely at Central Avenue and Washington street, instead of being permitted to walk across at any point of that intersection is giving Traffic Policeman Skidmore untold work. But he is carrying out the order pretty effectively. It is pointed out that with the enforcement of the order there will be less likelihood of accidents to pedestrians at that point. A motorcycle policeman is soon to be stationed along North Central avenue whose sole duty will be to keep down speeding and see that the law of the road is observed. This means that a man who hereafter drives on the wrong side of the street or fails to pass vehicles on the left will be arrested. Particular attention will be devoted to the drivers of heavily laden wagons who seem to think the corner of the street belongs to them and refuse to turn out and make way for other vehicles attempting to pass in either direction. The heavier vehicles will be required to keep close to the curb in the direction they are going so that there will be less probability of collisions with other vehicles.

CONGRESS MAY SIT UNTIL SNOW FLIES

This Session Will Finish Work in Hand Before Recess is Taken.

[ASSOCIATED PRESS DISPATCH]
WASHINGTON, Aug. 14.—Congress will remain in session until the "snow flies" and if necessary the extra session will be prolonged until the regular term begins in December to dispose of the tariff and currency legislation.

This was the decision of the democratic caucus of the senate tonight, which adopted a resolution declaring that "congress should proceed to consider and determine legislation concerning currency and banking immediately following the passage of the pending tariff bill."

The decision to keep at work until the legislative program outlined by the president has been disposed of came after a motion was offered by Senator Lewis of Illinois, that a recess be taken following the passage of the tariff bill has been withdrawn because of lack of support.

Though some democratic senators favored the recess, the events of the day in the senate showed the purpose of the republicans to debate on the tariff at length and served to convince the majority a recess was out of the question. The determination to take on the currency legislation did not carry it with the approval of any policy or commit the party to any particular currency bill.

ALL STATES PLAN BIG FAIR DOINGS

May Have Monster Night Parade With Outdoor Dancing

The All States of Phoenix are laying plans for some of the biggest stunts in connection with Fair week that have ever been pulled off in this city. One of the ideas is for a monster night parade of all military and civic bodies, followed by an open air dance on the down town streets. The parade will likely take place on the evening of All States day.

All States day generally comes on Friday of Fair week, and it is planned to have it then this year also. It will be one of the biggest days at the fair. Several more state societies are to be organized and a committee was appointed last night to foster that organization. It is composed of J. C. Reed, E. A. Larson and A. D. Leyhe, Reed and H. F. Lindsey compose a publicity committee of the organization also.

There was a good attendance last night, and the meeting was presided over by J. C. Reed, president. There will be another similar meeting at the board of trade rooms next Thursday evening and all officers of the state societies together with three delegates from each society are requested to be present.

BARNETT RETURNS—C. W. Barnett returned yesterday from a trip of two or three days in the hills where he has some mining interests.

RETURNED FROM VACATION—Mr. and Mrs. Charles R. Sterling and daughter Elizabeth returned last night from a vacation of six weeks spent in Ohio and Kansas.

MARRIAGE LICENSES ISSUED—The following parties have been granted marriage licenses: Leonard T. Dale and Huelia Schmitz; William Q. Spain and Robena Berkeley; Ralph V. Mathews and Lue Anna Coleman; all of Maricopa county.

WRONG CHINAMAN—Ging Fong spent an hour or two in the city jail last evening suspected of having relieved Wong Ham of \$85. It seems that Mr. Ham had the money in a trunk in his room in Chinatown. Ging Fong had access to the room, but other Chinamen had access as well. Somehow suspicion fell on Fong when the money disappeared. But after he had been locked up for a little while, Fong showed to the satisfaction of Chief of Police Moore that he couldn't have stolen the money and he was released. Even Wong Ham seemed satisfied with the outcome of the affair.

CATCH BOLD THIEF—T. W. Herring was transferred from the city lockup to the county jail yesterday afternoon charged with having robbed Frank Stute, employed at the Dublin Corral. Stute claims that while he was sleeping early yesterday morning, Herring removed his trousers from under his pillow, and abstracting eight or nine dollars and a knife, returned the garment to the former place. Herring was arrested a few minutes later. Stute having notified the night police of the affair. Stute's knife and money was found in Herring's pockets, the latter evidently feigning asleep when the officers arrested him in another part of the corral than that in which the robbery occurred.

RECORDER WATSON HERE—F. P. Watson, Pinal county recorder, with headquarters in Florence, dropped into town yesterday to extend a welcome to the Westgard pathfinding party and incidentally to call on his numerous friends in this city.

WHERE IS HAYES?—In the deep brush south of town a telescope grip was picked up yesterday by the police. The tag attached to the grip bore the name of Daniel Hayes, United States Navy. There were pension receipts, photographs and other papers, including a letter from William Simpson, Soldiers' Home, California, to John H. Simpson, Miami, Arizona, introducing Hayes and stating he is a pioneer of Arizona. There was also a quantity of clothing. How the grip came to be in the brush or what has become of Hayes is a mystery the police are attempting to solve.

LLOYD HELD TO ANSWER—Lloyd the rancher who is accused of committing an assault with a deadly weapon upon another rancher named Hardin was given a hearing before Judge P. P. Parker yesterday afternoon and was held to answer to the superior court in the sum of \$500.

OPERATION ON MORRELL—At the Sisters' Hospital yesterday, Dr. H. K. Beauchamp performed an operation on the left arm of Clay Morgell, removing a portion of the bones of the elbow. Morrell has been in the hospital just two months today as the result of being thrown under the hoofs of a team of horses drawing a city sprinkling wagon of which he was the driver. The wagon wheels passed over his arm which had been crippled previously and then over his left leg fracturing both. The leg has mended nicely but the arm has not done so well, the bones having been crushed as badly they have refused to knit. By the operation of yesterday Dr. Beauchamp hopes to save the arm although it will likely always remain stiff.
